"Being part of the reuniting of a brother and sister has been one of the most rewarding experiences in my lifetime. To see my husband, Jeff, meet his sister, Molly, again after almost 50 years, form a new relationship and then help each other heal, has been a powerful journey to participate in.

"Promoting legislation to help more families come together will continue to move forward perhaps leading to changes at the federal level to ensure many more Jeff and Molly's are reunited at long last. It is a truly rewarding experience to all who have become involved."
